

# TSTool Training

Introduction to  
Regional Climate Center (RCC)  
Applied Climate Information System (ACIS)  
Web Service Data

Version: 10.00.01, 2011-05-09

Duration: 15 minutes

Level: Introduction

# This Presentation

- Provides an introduction using TSTool with RCC ACIS data
- Is designed for self-paced training
- Is accompanied by examples, each of which reside in a folder distributed with this presentation
  - See the doc/Training folder under the software installation
  - Full use of RCC ACIS web services with TSTool requires internet access

# RCC ACIS Web Service Data

- Provides access to National Climatic Data Center (NCDC) data archives and real-time data
- Data are “best estimate” based on multiple data feeds
- Requires internet access
- Currently limited to daily data and mainly has been tested with core data types (precipitation, temperature, etc.), but additional data types will be supported in the future
- Performance is impacted by network speed (may be best to harvest data, save locally, and then use local data for further processing)

See example1-Precipitation\daily-precip.TSTool

(the following slide illustrates how to create this command file)

Input/Query Options

Data store: RCC-ACIS

Input type:

Data type: 4 - Precipitation (daily)

Time step: Day

Where: Postal (State) Code Matches CO - Colorado

Where: Matches

Where: Matches

Get Time Series List

1) Specify data type and location criteria and press "Get Time Series"

Time Series List (686 time series, 2 selected)

	COOP ID	ICAO ID	NWSLI ID	FAA ID	WMO ID	WBAN ID	ThreadEx ID	AWDN ID	ACIS ID
5	053508								3941
6	053530		GRTC2						3939
217	053538								4124
278	053541		GSDC2						3680
279	053546								4084
280	053553		GRLC2						4085

Commands (8 commands, 0 selected, 0 with failures, 0 with warnings)

```

1 # Read precipitation data from RCC ACIS web service using TSIDs
2 # Fort Collins
3 COOP:053005.ACIS.4.Day~RCC-ACIS
4 # Greeley (two periods, latter moved to UNC)
5 COOP:053546.ACIS.4.Day~RCC-ACIS
6 COOP:053553.ACIS.4.Day~RCC-ACIS
7 # Write the data to a local DateValue file as an archive of data
8 WriteDateValue(OutputFile="precip-ACIS.dv")
9
10
```

2) Select time series above and press "Copy Selected to Commands" or "Copy All to Commands" – multiple location identifiers may be available and are used in the order preferred by ACIS

Run Selected Commands

Run All Commands
