1   Acknowledgements

TSTool has been developed by the Open Water Foundation (OWF) with significant funding provided by the Colorado Water Conservation Board (CWCB) in coordination with the Division of Water Resources (DWR), as part of Colorado's Decision Support Systems (CDSS).

Additional enhancement to TSTool have been funded by various organizations.

TSTool software users are encouraged to provide feedback to OWF using the email address: steve.malers@openwaterfoundation.org

Feedback specific to CDSS functionality (e.g., HydroBase, StateMod, StateModB, and StateCU input types) can be provided using the email address: cdss@state.co.us

OWF's web site is http://openwaterfoundation.org. The CDSS web site is http://cdss.state.co.us.
